

Jaap Huijskes –Member of Petrom Supervisory Board, appointed following the OMV's proposal

Member of the OMV Executive Board, Head of OMV Exploration and Production (as of July 1, 2010)

Curriculum Vitae:

Mr. Huijskes was born in 1965, is married, and has one child.

Mr. Huijskes studied mechanical engineering at Delft University of Technology in Netherland and started his professional career with Shell.

Within the Shell group he held a range of engineering, petroleum engineering and economic roles. He was appointed Head of Construction and Engineering at Shell Expro UK in 1988, and from 1998 he held the position of Economics Manager at Woodside Energy Ltd. in Australia.

Most recently Mr. Huijskes held the position of Executive Vice President, responsible for worldwide upstream major projects at Royal Dutch Shell PLC.

He has worked and lived internationally in the UK, Norway, Oman, Australia and Russia.

Mr. Huijskes was elected as Petrom Supervisory Board member at the General Meeting of Shareholders on August 4, 2010.
