

REQUEST FOR EXPRESSIONS OF INTEREST

No. 1808/ 07.04.2026

Contract Title: "Provision of Directional Drilling Services"

OMV Petrom intends to launch a tender for the provision of Directional Drilling Services. The Scope of Work encompasses activities to be performed by the Contractor in order to ensure the delivery of Directional Drilling Services for drilling and heavy workover operations onshore and offshore, as requested by OMV Petrom via Call-out or Purchase Orders, and in accordance with the terms of the Frame Contract and Scope of Work.

OMV Petrom's strategy is to procure necessary external services through a series of frame contracts, each designed to meet a specific business need. This approach enables the Company to:

- Ensure that each type of service is delivered only by Contractors with the appropriate capacity, knowledge, skills, and experience, at a fair price;
- Secure short-term availability of contractors, regardless of future market changes;
- Reduce capital and operational costs through standardization, the application of lessons learned, and access to contractor know-how;
- Foster continuous improvement of the drilling process and solutions.

In delivering these Services, Contractors will be required, at a minimum, to:

- Assist and advise the Company during the planning phase of wells, particularly regarding optimal equipment selection, utilization, and other relevant matters, as requested;
- Provide personnel and work in close cooperation with the Company's team to coordinate, supervise, and execute the Services;
- Supply all necessary equipment to successfully carry out the required Services, ensuring that all equipment is fully serviced and in proper working condition.

OMV Petrom S.A. hereby invites interested companies to express their interest in providing the above-mentioned Services.

All companies expressing interest in participating in the process organized by OMV Petrom S.A. will be invited to participate in the tender, receive the bidding documents, and be requested to submit an offer.

For further information, please contact us at the address below during office hours, 08:00 to 16:30.

Expressions of interest must be submitted in writing to the email address provided below, no later than **24 April 2026, 16:00 hrs. (GMT+2)**. All submissions should include the following contact information: company name, representative's name, email address, and phone number.

Please note that the Request for Expressions of Interest will expire after the date mentioned above.
