

REQUEST FOR EXPRESSIONS OF INTEREST

Acquisition Title: Pressure Safety Valves
OMV Petrom Reference No: 926/10/6/2026

OMV Petrom is interested in certification of Pressure Safety Valves

Specific Technical Characteristics (English Translation)

Pressure Safety Valves (PSV) Certification – Scope of Work

1. Document Purpose

- Certification, recertification, inspection & corrective maintenance of PSVs on Neptun Alpha Platform (NAP) and standby PSVs in DANA34 Logistics Warehouse, Constanța.
- Objective: ensure full compliance with Romanian legislation, industry good practice & COMPANY standards, guaranteeing safe operation per design.
- Works executed per COMPANY specifications, offshore standards & applicable Romanian regulations, using two recertification pathways: offshore on NAP (mobile workshop) and onshore at CONTRACTOR's certified workshop.

2. Scope of Work & Maintenance Strategy

- Continuous, safe, compliant recertification of all PSVs serving NAP (70 installed + 67 standby at DANA34), per OMVP standards and PSV Register ND-E-SA-50-EN-LPSV-0001-0001.
- Offshore calibration (NAP): 3 PSVs/year, 3 days, 2 Field Service Representatives, 6 man-days.
- Onshore calibration (Workshop): 134 PSVs/year, 20 days, 2 Workshop Personnel, 40 man-days.
- Majority of work done onshore for controlled testing conditions and reduced offshore exposure.

3. Equipment Physical Boundary & Contractor Services

- Pressure set point range for PSVs in scope: between **45 bar(g)** and **230.4 bar(g)**.
- CONTRACTOR: sole responsibility for calibration, testing & certification of PSVs.
- COMPANY: responsible for removal/installation & piping connections.
 - Offshore Execution (3 PSVs/year)**
 - Operate fully equipped mobile workshop container on NAP.
 - Calibrate/test 3 PSVs offshore with Field Service Representatives.
 - Onshore Execution (134 PSVs/year)**
 - Calibrate, test, overhaul & certify 134 PSVs at CONTRACTOR workshop.
 - Use fixed test benches, specialized tools & controlled workshop conditions.
 - Provide special tools, OEM parts & consumables (seals, springs, gaskets, lubricants, fittings, etc.).

4. Reporting, Certification & Personnel Requirements

- Reporting & certification as per Section 5.0; provide all reports & certificates to COMPANY in required formats.
 - Mandatory Offshore Training (all offshore personnel):**
 - BOSIET with CA-EBS, HUET, Escape Shute, valid Offshore Medical (OEUK or similar).
 - Minimum Training & Certification (Contractor & Subcontractor):**
 - OEM familiarity with PSV manuals & calibration/testing procedures.
 - ISCIR authorization for personnel & legal entity, in line with Romanian regulations.
 - RSL-IP certification for inspection, repair & adjustment of safety devices (≤ 400 bar, DN ≤ 400 mm).
 - Registration & authorization as legal persons within ISCIR for PSV activities.

Internal

OMV Petrom now invites eligible companies to indicate their interest in providing the above-mentioned activities. Interested companies should provide information demonstrating that they have the qualifications and relevant experience to perform these ones (brochures, description of similar assignments, experience in similar conditions, etc.)

Any potential joint venture/association should provide the above-mentioned information for all the partners of the association.

All the companies which will express their interest to participate in the procedure organized by OMV Petrom will receive the tender documents and will be invited to submit an offer via Ariba platform.
